ADDITIONAL REGULATIONS FOR
COURSE OF STUDY AND
SCHEME OF EXAMINATION
FOR TWO YEAR MASTER OF EDUCATION (M.ED)
PROGRAMME

Post-Graduate Master of Education (M.Ed.) Programme of
Kuvempu University under Choice Based Credit System
(CBCS)

Preamble

The Master of Education (M.Ed.) Programme is a two-year professional programme in the field of Teacher Education which aims at preparing teacher educators and other education professionals including curriculum developers, educational policy analysts, planners, administrators, supervisors, school principals and researchers. The completion of the programme shall lead to M.Ed. degree with specialization either in elementary education (up to class VIII) or in secondary education up to class XII). 2-year M.Ed. Programme aims to provide opportunities for students to extend as well as deepen their knowledge and understanding of Education, specialize in selected areas, and also develop research capacities, leading to specialization in either elementary education or secondary and Higher secondary education.

To develop in prospective teacher educators skills related to independent study of literature, research, academic writing, professional communication and team work. It endeavours to develop in the future practitioners a deep and critical awareness of professional ethics and an ability to critically engage in and reflect on practice.

Based on the 2014 Regulations of National Council for Teacher Education (NCTE) which is the apex body of recognizing M.Ed programme, it necessitated to frame the following additional regulations for the course of study and scheme of examination of Master of Education (M.Ed) programme. These regulations are to be read in addition to the Kuvempu University Regulations Governing the Post-Graduate Programmes under Choice Based Credit System, 2010.

13. Valuation:

- The answer books are coded before issuing for valuation. There shall be double valuation for theory, dissertation/Project work papers. Out of two values one is internal and other one external.
- The average of the marks awarded by both the examiners shall be taken as the final award for the particular paper.
- If the difference in marks between two valuations exceeds 20% of the maximum marks such script shall be referred to the third external examiner. After third valuation the average of the any two nearest valuation shall be considered for the final award of marks.
- For practical examination two examiners are appointed by the coordinator/chairman. Out of two examiners one must be external. Under any circumstances the two internal examiners shall not conduct the practical examination.

14. Revaluation: Since double valuation method is adopted there is no provision for revaluation.

15. Challenge Valuation: A student who desires to challenge the marks awarded to him/her may do so by submitting an application along with a fee of Rs.1000/-per paper or fee prescribed by the college from time, to the controller of Examinations within 15 days from the date of announcement of result. Such candidate shall be provided a Xerox copy of the answer book after concealing the name of the valuers if written on the answer book. The challenged valuation script shall be sent to a separate external examiner. The average of the marks of challenged valuation and any one of the previous valuation which is nearer to the challenge valuation shall be the final.

That is,

I Valuation	II Valuation	Challenge Valuation	Final Challenge Valuation
60	56	66	60+66
			126/2=63

In this case the final challenge valuation marks are 63.
