### SUMMARY

An adept clinical research manager with a decade of expertise in leading teams to uphold QC standards and SOPs, valleesha excels at swiftly identifying and resolving technical issues to ensure optimal process efficiency. His proactive involvement in managing ICMR-funded clinical trials has contributed to advancing patient care, while his commitment to regulatory excellence is demonstrated through rigorous adherence to NABL and NABH documentation requirements. Certified in Good Clinical Practice by the renowned NIH, USA, he embodies a blend of leadership, meticulous compliance oversight, and industry best practices.

### EXPERIENCE

---

#### Scientific Manager & Business Development

08/2024 - 01/2025

Ritaatronicsinnovations Pvt.Ltd,Bengaluru

- Scientific Management , Techno-Commercial Leadership, Regulatory and Compliance
- 

#### Laboratory Manager

Central Laboratory at AIMS, Mandy

08/2022 - 11/2023,

- Directed the Employees, QC check, and SOP protocol, troubleshooting the error, and supervised the TAT.
- Facilitated patient enrollment in multiple ICMR-funded clinical trials
- Supervised rigorous NABL & NABH documentation for compliance adherence
- Good Clinical Practice, NIDA Clinical Trials Network, NIH, USA

#### Scientific Research Associate

Valyou Products Pvt.Ltd Mfrs. Amrith Noni (R&D)  
Shimoga

06/2021 - 04/2022,

- Expertise with Preclinical studies, Clinical trial (Double-blended study), Manuscript preparation, Publication, Pharmacopeia
- Crafted patent for new products
- Acquired proficiency in with QC, SOP, documentation, GMP Auditing & Stakeholders meet
- Generated a 25% increase in grant renewals by implementing improved proposal strategies, leveraging advanced statistical analysis software, and coordinating with cross-functional research teams over a 12-month period.

#### Research Fellow

Penn State University / Kuvempu University (NIH, USA)  
USA / India

01/2015 - 11/2020,

- Worked on various aspects of pregnancy malaria of *P.vivax*, *P.falciparum* and mixed malaria infection.
- Actively involved in epidemiology, prevalence, hematological and biochemical parameters assay, Immunological parameters assay (ELISA Techniques), Placental Histopathology, drug resistance and Malaria case studies.

#### Senior Research Associate

National Institute of Animal Nutrition and Physiology (ICAR)  
Bangalore

11/2011 - 08/2014,

- Carried out preclinical studies ((Albino mice and Wistar rats)) and handled Analytical instruments Atomic Absorption Spectrophotometer, Inductively Coupled Plasma Spectrophotometer.
- Invitro cell-free assay development, validation and troubleshooting.
- Facillitated Statistical software analysis. (Graph pad prism)

#### Junior Research Fellow

Institute of CCRI - Division of Plant Pathology  
Chikmagaluru

01/2010 - 11/2010,

- Orchestrated efficient multi-fungus screening assays.
- Colloborated on Disease scoring, Conducting field trials, data collection, data analysis, and Interpretation.
- Oversaw Documentation of experiments and characterization of reports required for publications and patents.
