41st Faculty Development Programme in Management
May 15, 2019 to August 31, 2019

Dear Sir/Madam:

We are happy to announce the 41st Faculty Development Programme (FDP) from Wednesday, May 15 to August 31, 2019.

Over the last 40 years, the FDP has built up a strong reputation as a rigorous programme for the professional development of management faculty. The programme has an 865-strong alumni network, based in India and a number of neighbouring countries, who are contributing to the professionalization of management education in a significant way. We look forward to building partnerships with you in this joint quest to enhance the quality of management education.

In our continued efforts to enhance the programme, the 41st FDP has been restructured to provide more flexibility and benefit for the participants. Mainly, the FDP is organized as two modules. The first module is on Pedagogy and Research methods. The second module is on General Management, including special topics covering contemporary practices and research areas. Participants can apply for admission to the full FDP, which includes both the modules, or can apply for any one of the two modules. For more details, kindly refer the enclosed brochure.

We hope you will nominate faculty members who are likely to benefit from this programme. By sponsoring your faculty members to the FDP, you are creating a nucleus within your institutions for academic innovation.

The application form and brochure are available online: <https://www.iima.ac.in/web/fdp/apply/apply-online>. Interested candidates need to apply online. Kindly note that the last date for receiving the completed application forms for two of the certification options is **March 15, 2019**. In case you need further information, please do not hesitate to write to me.

I request you to kindly display the enclosed 41st FDP flier on your notice board, and also share it with your faculty colleagues.

Sincerely,

Karthik Sriram
