Subject: Nomination for NAMS Awards -2020

Dear Sir/Madam,

With a view to encourage talent and recognize merit of health professionals and biomedical Scientists, the National Academy of Medical Sciences (India) has established various "Awards".

As per Council decision, the nominations received for Awards will be considered for three consecutive years. In view of this, the candidates who had submitted their Nominations in 2018 and 2019 need not send their fresh nominations.

The Council in its meeting held on 30<sup>th</sup> July, 2014 made the following observations:-

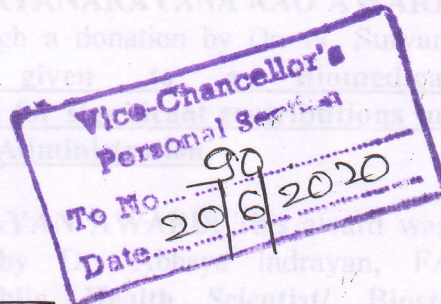

"As decided earlier for the Orations, any bio-medical scientist who is awarded an Oration in a previous year, shall not be considered for the award of another Oration for a period of 10 years. Even after that period, he may be considered for the award of an Oration for a subject entirely unrelated to the one for which he was awarded for an earlier Oration. *It is recommended that similar rule be incorporated for the Awards as nominations are being made for those who have received an award within the last 3 years. It is proposed that in case of Awards, those who received an Award shall not be re-nominated for a similar or a different Award for a period of at least 5 years; subsequently their nominations may be considered on merit*".

The Award carries a Scroll, Cash award and a Commemorative Medal.

The details of the Awards are enclosed.

Nomination(s) are invited for the conferment of Award in the enclosed Nomination Form. Eight sets including the completed Nomination Form should reach the office of the undersigned latest by 23<sup>rd</sup> May, 2020.

With best wishes,

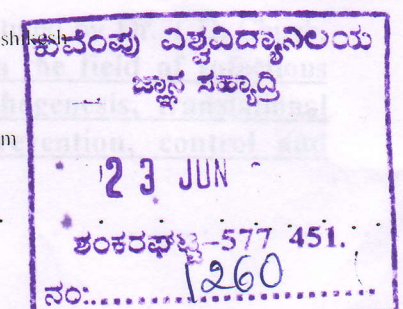

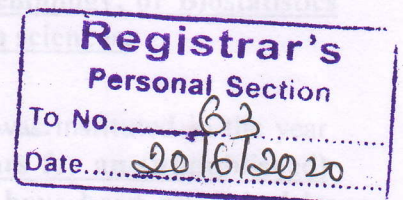

Yours sincerely,

Deep
